1.0 INTRODUCTION

1.1 ESTABLISHMENT OF THE DISTRICT

The Atwima Nwabiagya North District is one of the Administrative MMDAs in the Ashanti Region. The District was established by Legislative Instrument (L.I) 2327 in November, 2017. It was carved out of the then Atwima Nwabiagya District in March, 2018 with Barekese as its capital.

1.2 ADMINISTRATIVE BOUNDARIES

The District shares Administrative Boundaries with the Atwima Nwabiagya Municipality and the Ahafo Ano South-West District to the West, Offinso Municipality to the North, Kumasi Metropolis and Kwadaso Municipal to the South and Afigya Kwabre South District to the East. The estimated area covered by the District is 111.20 sq km. Barekese, the capital is about 27.6 kilometres south of Kumasi, the capital of Ashanti Region, on the Bantama-Abrepo road.

1.3 POPULATION SIZE

The total population of the District according to the 2021 Population and Housing Census stood at One Hundred and Fifty-five Thousand and Twenty-five (155,025) comprising Seventy-six Thousand, Eight Hundred and Seventy-seven (76,877) males and Seventy-eight Thousand, One Hundred and Forty-eight (78,148) females.

1.4 ESSENCE OF THE UPDATED SERVICE CHARTER

The Atwima Nwabiagya North District Assembly (ANNDA) after its establishment in 2018 prepared its maiden Service Charter in March 2020 to express the commitment of the Assembly to provide quality service to the general public by informing them about the available services and the processes and procedures of accessing these services. It also served as a reference point for staff and Departments of the Assembly in their dealings with the general public in the delivery of services as well as the redress mechanisms available. The maiden Charter has served its intended purpose of informing the citizenry about the available services and how they can access them and the time frame.

There has however been reforms in the services delivered and service delivery procedures of the Assembly notably, the development of the Client Service Unit Operational Manual in 2023 and the operation of other departments of the Assembly among others. This development,

coupled with the need to review the Service Charter every four (4) years, necessitated a review of the Maiden Service Charter. This Charter is therefore an up to date version of the maiden one to reflect the current reforms and services being provided by the Assembly. It is expected that the Reviewed Service Charter will effectively and efficiently guide the clients to access various services of the Assembly.
